PROFESSIONAL SUMMARY

Entry-level Frontend Developer and Computer Science and Engineering student with hands-on experience building responsive web applications using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS. Experienced in developing reusable UI components, integrating REST APIs, and working with Firebase across professional, internship, and project work. Uses Git and GitHub for version control.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, HTML5, CSS3, Tailwind CSS

Backend/API: Flask, REST API Integration

Database: MongoDB, PostgreSQL, Firebase

Tools: Git, GitHub

Concepts: Frontend Development, Web Application Development, Responsive Web Design, Reusable UI Components

EXPERIENCE

- Frontend Development Intern** | Zeshin Aug 2026 – Present
- Developing a responsive frontend for a School Management System using React.js.
 - Designing user-friendly interfaces for student and school administration modules.
- Full Stack Development Intern** | VDart Academy, Trichy Jun 2026
- Developed a GPA and CGPA calculator website collaboratively with a team member.
 - Built user interfaces and implemented GPA/CGPA calculation functionality.
- Frontend Developer** | Blunar.Co Dec 2025 – Aug 2026
- Developed responsive websites for a tiles and granite business and a salon.
 - Designed clean, responsive UI layouts for desktop and mobile devices.
- Python Intern** | Oasis Infobyte Jul 2025
- Worked on Python-based mini projects.
 - Improved programming and problem-solving skills.

PROJECTS

- Edu Analytics** | React.js, Tailwind CSS, Flask, MongoDB
- Developed a student performance analytics platform to track and visualize academic progress.
 - Built responsive user interfaces with React.js and Tailwind CSS and integrated backend APIs for data management.
- Klyvora – School Management System** | React.js
- Developed a responsive frontend to manage students, faculty, academics, attendance, fees, and other school activities.
 - Implemented school management modules with reusable components and an organized frontend structure.
- Sri Lakshmi Tiles & Granites** | React.js
- Developed a responsive website for a tiles and granite business.
 - Designed user-friendly interfaces with responsive layouts for desktop, tablet, and mobile devices.
- GPA Genius** | React.js, Firebase
- Developed a GPA calculator with real-time GPA and CGPA tracking.
 - Implemented Firebase for authentication and cloud data storage.
- Goal Map** | HTML, CSS, JavaScript, Firebase
- Built a productivity and goal-tracking web application.
 - Developed user-friendly interfaces with secure Firebase integration.

EDUCATION

B.E. Computer Science and Engineering – Syed Ammal Engineering College, Ramanathapuram
